---

Jeanne thought it would be better to split the Pavillion Peer Review group from the biweekly ERG conference calls from the people working on 2012 Report. So we will now have 2 separate ERG calls. Because the peer review and the 2012 report synthesis are two separate ERG tasks with different funding, this should also help with keeping the cost and staffing for each task separate.

This biweekly meeting is for the Pavillion Peer Review group from ERG. Katie and Laurie are underway in getting updated information from EPA to the peer reviewers so that the selections will be made in the June-July time frame. We will discuss ERG's progress for the peer review. If necessary in the future, these meetings may become weekly meetings depending on the need.

If I have left someone off the distribution list, please let me know.

Thanks,

Leigh
